Family Center  
Anna Meyer

Dear families,

when you reach the hospital for a **scheduled hospitalization**, your treatment journey will begin at the Anna Meyer Family Center.

The Family Center intends to facilitate all those aspects that have a significant impact on the experience that the child/adolescent and his/her family members will have during hospitalization.

## **Staff and services present in the structure.**

You will find trained operators welcoming you, already aware of your arrival, able to respond to specific requests or special needs reported (Pass). A process of involvement, participation and sharing of information begins immediately and will continue during your hospitalization with the healthcare staff to facilitate your treatment experience and allow you to interact as an active and aware part. You will have a team of professionals at your disposal who operate in an integrated manner to support clinical care activities.
